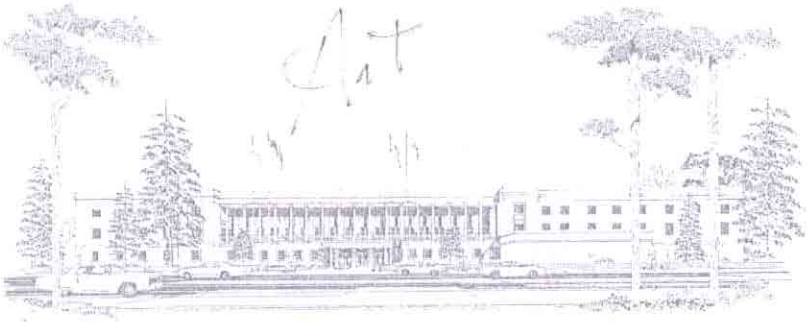
Hal...

I'm sure you've gotten one by now, but here's a zerox copy of your Enquirer piece...great work...They also gave you a headline slug, bold letters, on the front page...


By the by, Lesar sent me copies of the Wash-Star 3-parter...I'll do my best to get to Sczulc...My time isin't the same out here anymore; economy cutback and I'm now on the air 4-days; cuts the hell out of investigative stuff...Hail stuff will be off shortly...
